## PETCO'S VET SERVICES MODEL

At Petco, we follow what we believe are the industry's highest standards for animal care and we expect the same from all our partners, including our veterinary services providers.

By partnering with Vetco clinics, Vetco Total Care, THRIVE Affordable Vet Care, Global Veterinary Partners (GVP), VetnCare and their trusted veterinarians, we're able to deliver unparalleled access to high-quality veterinary care, all in one convenient location and at an unprecedented value to pet parents.

Petco's veterinary care services model is committed to creating affordable access, so cost is not a barrier for a pet parent to seek necessary care for their pet.

## IN-STORE VETERINARY HOSPITALS

Operated by experienced, licensed, independent veterinarians, Petco's in-store, full-service veterinary hospitals provide high-quality, accessible veterinary care, with services ranging from routine preventive care to diagnostic workups, dental procedures and outpatient surgeries. When needed, our veterinarian partners will provide referrals for emergency, specialty care and general practice needs that may be best served by an independent local practitioner.

## VETCO VACCINATION CLINICS

Vetco vaccination clinics offer preventive services to keep dogs and cats in good health, with the convenience of a licensed veterinarian in-store and no visit fee. Services include vaccinations, deworming, microchipping and heartworm testing.
